

## **Intensive Hands-On Courses**

### **Now you can learn directly from the Master to Master your skills.**

Classes and lectures can only take you so far in your journey to become extraordinary. Sometimes you need hands-on personal training and guidance to achieve your goals.

That's why Pinhas Adar has instituted one-on-one and limited size group courses.

These courses and mentoring programs are not lectures you simply listen to. You're shoulder to shoulder with Pinhas as he guides, instructs, and counsels you to excellence.

Covering subjects indispensable for the success of dentists and technicians, in most instances your real cases are used for learning in this concentrated environment.

Only professionals serious about personal and professional growth and success should attempt to participate in these courses.

These exclusive courses and workshops are fully accredited for Continuing Education credits through these professional organizations:

National Board of Certification in Dental Laboratory Technology
